Tips for the Ride

Yield in mixing zones
Merge in front of or behind turning cars. Take the full lane & don't hug the curb.

Avoid wearing headphones
By law, you may only wear one earbud. Clear ears are safer.

Ring your bell
Bells are required by law. Ring to alert others to your presence.

Use bike boxes to make turns
The box gives you space at red lights for a head start or making turns.

Stay 3 ft from parked cars
If cars can't pass you with three feet to spare, take the lane.

Watch the road
Avoid steel grates and utility covers, especially when wet. Call 311 to report potholes.

About This Map

Disclaimer

The City of New York has published this map to aid cyclists. Cyclists are urged to use facilities that are suitable for their individual cycling skills and to be aware that traffic volumes, during certain times of the day, may be unsuitable for their cycling abilities. This map does not substitute for a roadway map. The City of New York takes no responsibility for users' safety and in no way warrants the safety or fitness of the suggested routes. Ride carefully!
