### BIKE LAWS & SIGNAGE

**Obey Traffic Signs and Signals**  
As vehicles, bicycles must obey all NYC Traffic Rules. Cyclists have the same rights, privileges and duties as other vehicular traffic.

**Never Ride Against Traffic**  
Motorists and pedestrians are not looking for bicyclists riding against traffic. It is illegal and dangerous. Ride with traffic to avoid accidents.

**Stay Off Sidewalks**  
Bikes are not permitted on sidewalks unless bike wheels are less than 20 inches in diameter and the rider is 13 years or younger, or signs allow.

**Be Visible**  
Ensure your visibility at night by wearing light-colored clothing with reflective tape material. Outfit your bike with lights as you would for riding on the roads.

**Bike Lane Signage**  
Regulatory Sign: BIKELANE ONLY  
Pavement Marking: BIKELANE ONLY  
Greenway Signage: GREENWAY SYSTEM

### SAFETY TIPS

#### On-Street Biking - Share the Road

- Make Eye Contact**  
Confirm that you are seen. Establish eye contact with motorists to insure that they know you are on the road. Look over your shoulder regularly or use a mirror to see the road behind. Although bicycles have equal right to the road, be prepared to maneuver for safety.
- Be Careful at Intersections**  
Most accidents happen at intersections. Proceed with care. Avoid being in a turn-only lane if you want to go straight through an intersection. In narrow lanes or slow traffic, it may be safer to take the whole lane.
- Use Hand Signals**  
Signal all turns and stops ahead of time. Look over your shoulder for any traffic, then make your intended move only when it is safe to do so.
- Keep both hands ready to brake**  
You may not stop in time if you brake with one hand. Allow extra distance for stopping in the rain, since brakes are less efficient when wet.
- Keep your bike in good repair**  
Maintain your bike in good working condition. Check brakes regularly and keep tires properly inflated.

#### Additional Tips for Multi-Use Paths

- Right-of-Way**  
Cyclists and in-line skaters must yield to pedestrians. Pedestrians always have the right-of-way.
- Signal to Others**  
Cyclists: sound your bell or call out a warning when approaching others, then pass safely on the left. Skaters: Follow travel rules as per bicyclists. Do not perform trick-skating maneuvers on heavily used paths.
- Keep to the Right**  
All path users must keep to the right except when passing or turning left. Pedestrians move to the right when someone is passing. Move off the path when stopping. Never block the path.
- Stay on the Path**  
Ride only on designated paths to protect parks, natural areas and yourself. Riding off a designated pathway is dangerous and prohibited in NYC Parks.

### BIKES ON THE SUBWAY

**Avoid Rush Hour Trains**  
Conflicts between passengers and bicycles due to limited space on crowded trains.

**Board at end of Train**  
Board at the least crowded part of the train, usually the front or back. Never put your bike where it could block an aisle or a door.

**Stand by Your Bike**  
Move your bike to allow others to pass or sit down. If there is a train or station evacuation, you must leave your bike behind to ensure a swift and safe exit for all passengers.

**Carry Your Bike on Stairs**  
Until the staircase is not crowded. Carry your bike. Don't bump it down the stairs; you could lose control.

**Use Service Gate**  
Do not try to lift your bike over the turnstile. Signal the Token Clerk to release the service gate. Use a MetroCard to roll the turnstile. Pull the service gate to enter.

**Courtesy + Common Sense = Bicycle Safety**  
Consideration of others along with reasonable judgment helps produce a safer, more comfortable environment for bikers.
